

# ENVIRONMENTAL, HEALTH, AND SAFETY (EHS) SOLUTIONS FOR SAFER CONSTRUCTION

**Gallagher Bassett Technical Services (GBTS) provides expert risk management, environmental, industrial hygiene, loss control, and site services tailored to your needs.**

## Adapting to Industry Challenges with Stronger EHS Practices

Current trends in the construction industry—such as labor shortages, stricter regulations, and rising insurance costs—are driving companies to place greater emphasis on Environmental, Health, and Safety (EHS) practices. Ensuring the safety and health of employees is critical to the success of any construction project.

Navigating EHS requirements can be complex, involving detailed planning, strategic implementation, and effective management. GBTS supports this through:

- Developing comprehensive EHS programs
- Conducting regular risk assessments
- Crafting tailored risk management plans
- Delivering trade and site-specific EHS training
- Implementing systems to minimize environmental impact, increase resource efficiency, and reduce waste

## RISK MANAGEMENT SOLUTIONS

Solutions that GBTS can provide:

- Risk Assessment
- Health and Safety Planning
- Environmental Project Review
- Loss Control
- Environmental Remediation Management and Inspection
- Accident/Property Loss Response and Recovery
- OSHA Compliance
- Safety/Project Management Support
- Litigation Support/Expert Witness On-Site Safety and Health
